

REMARKS

Claims 14, 28-30 and 32-37 are pending and under examination in the subject application. Claims 14, 28-30, 32-34 and 37 are allowed. Applicants have hereinabove amended claims 35 and 36. Accordingly, upon entry of this Amendment, claims 14, 28-30 and 32-37 will still be pending, and claims 35 and 36 will still be under examination.

Applicants maintain that these amendments to the claims do not raise any issue of new matter, and that these claims are fully supported by the specification as originally filed.

Rejection Under 35 U.S.C. §112, First Paragraph

The Examiner rejected claims 35 and 36 under 35 U.S.C. §112, first paragraph, because the specification is allegedly not enabling for methods of treating bacterial infections, viral infections, parasitic infections, malignancy, neurodegenerative diseases, allograft rejections, host versus graft disease, and neoplastic pathology.

In response to the Examiner's rejections, and without conceding the correctness thereof, applicants note that amended claims 35 and 36 do not recite the treatment of any of these disorders.

In view of the above remarks, applicants maintain that claims 35 and 36 satisfy the requirements of 35 U.S.C. §112, first paragraph.
